## Our learning this week....

### Which Pathway Will You Take?

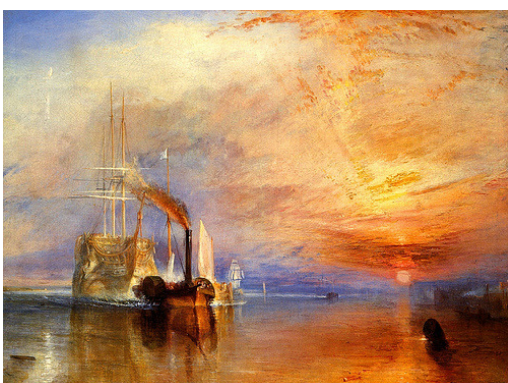

**English-** The children have been writing a short flashback story this week. They have used their experiences in the WW1 trench whilst at Morfa Bay. So far these make for very emotional reading!

**Art-** We have been studying and comparing 'sea-scapes' painted by Turner, Van Gogh and Roy Cross. The children have made viewfinders and have chosen a section to enlarge and recreate in their own way.

**Chinese-** We have had our first lesson of Chinese delivered by the KLB language department. The children have learnt how to say hello, how are you and thank you in Chinese.

**Drama/Pantomime-** We have run through the whole of the pantomime, including songs and dances. The children have done such a good job at starting to learn their lines, we have a way to go but this week was impressive as a first run through!

**Maths-** We have been recapping on skills, with a series of calculation and measure tasks as well as mental maths learning.

## Next Week...

Please continue to work on learning your lines for rehearsals next week-you have done an amazing job so far!

**Costumes-**Your child should have given you their costume wish list. If you have problems with this can you let us know **early** next week so we can source from other places/people!

### Morfa Bay Diaries

On the home work grid, I suggested all children might like to do a Morfa Bay diary, some have bought these in already-well done! If your child has completed theirs, they can bring these in to display and share whenever they are ready.

### Morfa Photos-

All group photos are now ready so send in memory sticks and I will copy the photos for you to look at and keep!

**Sports Day-**Tuesday 27<sup>th</sup>.
