

Morfa Bay Special

As many of the parents saw, a coach of very excited children left school for Morfa Bay last week and, after a long somewhat noisy journey, arrived safely at the centre near Pendine. Unfortunately, it was tipping down when we arrived but the children's determination was not affected. To begin with, all of the groups (Amroth, Angle and Caldey) started with activities that needed a head for heights. However, everyone-including the teachers- gave the tasks a go and to their best ability.

Sadly, We couldn't go on a walk to the beach as it was still raining so most retreated to the dormitories or Games room. After hot chocolate and lights out, the children went to bed (or so the teachers thought) and enjoyed a good night's sleep.

All the children enjoyed all the activities, however the mud assault course was generally classed as everybody's favourite. Here are some of the activities we participated in:

- Quarry Abseil
- Assault Course
- Sea Activities
- Caving
- Zip-line, High Ropes and Climbing Wall

The whole class learnt about teamwork, inclusion and resilience during the residential trip and have taken away some life-long memories and lessons.
