

Amethyst Class Newsletter

Our learning this week....

The children have been thinking about **'Who has the power in school?'** Considering the roles of all the staff, governors and themselves as leaders. One of the exciting things about being a year 6 is the chance to take on more responsibility and this year's class have leapt at the opportunity.

So far we have appointed House captains, Wet play monitors, I.T leaders and eco council and later in the week we will elect pupil council reps! There will also be a chance to apply for the job of office assistant and peer group leader later this half term.

English

The children have been writing descriptions of a sci-fi landscape. They have peer assessed these and redrafted their work.

Art

We helped each other to improve our self-portraits.

Next week....

English- Writing futuristic sci-fi narrative

Maths- Calculation methods

Science-series circuits and conductors.

Project-Writing interview questions for leaders.

Art-Portraits in the style of Picasso.

Reminders.....

Please encourage your child to do their Mathletics and go over times tables...quite a few were very rusty this week!
