

Amethyst Class Newsletter

Our learning this week....

Survive or Thrive?

PHSE-Lifeskills Centre

On Friday we visited the Lifeskills Centre in Bristol where the children had many amazing experiences. They all made a 999 call and learnt how to deal with numerous potentially dangerous situations in a calm and safe manner.

Maths

This week we have been revising how to use a protractor and measuring a variety of angles. We then moved on to internal angles of a triangle and the children have proved that the internal angles of all triangles add up to 180 degrees.

History

The children have finished researching their own enquiry question and have nearly finished collating information together into a non-chronological report.

English

We have looked at how to write a letter and the children have written a letter to the Lifeskills Centre, explaining what they have learnt and to express their thanks.

Lifeskills
LEARNING FOR LIVING

Reminders: Next Thursday is Number Day, please come to school wearing a number or clothing with a number on it. All donations will go to the NSPCC.

Next week....

Maths-

Solve problems involving missing angles.

English- Start to plan and begin writing a story set in WW2 Britain.

History- The children will present their research to the class and we will evaluate what we have learnt.

We will be having a visitor come to school to talk about their experience of WW2.

Art- Creating their own propaganda posters.
