

Crystal Class News

21st October 2016

Things to note:

As the first term draws to a close, I would like to say how wonderful it has been getting to know the new Crystal Class. We have settled well now and have made huge progress with our attitudes towards the year 3 learning – let's keep this going!

Over the holiday, we have set a reading challenge which should be in the children's bags. It would be lovely if they could read 5 times during half term.

What we have been learning:

This week, we have researched tools from the Stone-Age through to the Iron Age. This research will support our design for our own tools. We have also started Christmas early, designing our Christmas cards. These will be sent home with the children so you may order their card designs. This year, you will be able to order them online. Can I please request that the children's card designs are returned after half term so we can send them off to be printed.

Next week:

Have a great half term!

On our return to school, the first week will be focusing on anti-bullying week. We will be have a big focus on 'the power of good' and how important it is to make people feel good about themselves. Also that week, we will have a visit from the Life Bus. Parents are more than welcome to visit the bus on Monday afternoon at 3pm.
