

Crystal Class News

18th November 2016

Things to note:

Could you please start sending in the children's costumes for the Christmas performance? If you have any questions regarding this, please do not hesitate to contact me.

What we have been learning:

During English, we have been investigating information texts, learning about the success criteria needed in them. We have also looked at spelling patterns, applying our phonics to make good choices about our spellings.

In Maths, we have solved word problems and began to learn about 'exchanging' in written subtraction methods... we still have a long way to go with this but with our wonderful learning attitudes, we will certainly persevere!

Through our theme, we have begun to make our Stone Age tools and we are preparing for our Museum. Invites will be sent out when our Museum is ready.

Next week:

We have a visitor next Friday, when we will be learning about the Iron Age and comparing it to the Stone Age. It will be interesting to see how we advanced.

Please make sure you keep the path clear by the barrier where children exit the school, so they do not have to walk round it. Thank you
