

Crystal Class News

14th October 2016

Things to note:

As we approach the last week of school, I look forward to seeing you all at parents evening next week.

Thank you for attending the Home learning share, I appreciate that it has been a 'snug' in our classroom, making it difficult to see all the lovely home learning, I hope to have remedied this for next term.

What we have been learning:

This week, the children have critiqued and drawn their final drafts of our Stone Age Art. Through various suggestions on how to improve our colour blending and observation skills, the children are very proud of what they have created.

Next week:

We will be finishing our Stone Age boy stories and researching the different tools from Stone Age to Iron Age, in preparation for our designing and making.
