

# Crystal Class News

8<sup>th</sup> September 2017

## **Welcome to Crystal Class:**

This week, we have spent a long time getting to know each other and discussing the expectations of year 3. It is wonderful to see how the children have settled so quickly.

Our Project Launch – Wow Day: What is your golden ticket worth?

To kick start our new project in style, the children walked into the magical world of Willy Wonka's chocolate factory. The day was filled with creativity! From lickable wall paper to designing their own chocolate factory, the children were truly immersed into this term's learning. We have planned out our projects so the children understand how our learning will lead to our big outcome. Watch this space... it is going to be a very chocolately Christmas!

## **Next Week:**

English: We will be looking closely at the text of 'Charlie and the Chocolate Factory' as well as assessing our spellings and sentence structure.

Maths: We will be looking at place value up to 4 digits (thousands) and understanding the value of each digit. This learning will then be applied to comparing and ordering numbers.

Project 1: Where does our chocolate come from?

We will be looking at the history of chocolate and developing our chronology skills, mapping events in time on a timeline. We will also be starting our watercolour art.
