Circus Skills: On Tuesday we had great fun in our circus skills workshop. We learnt how to balance feathers, twirl plates and finally we tried to master the diablo. We encouraged each other and showed lots of resilience when we were finding some of the activities difficult. It all culminated in a whole school show where we were able to perform to an audience. Please get your tickets for Happy's Circus on 20th July.

This week we have been learning about the artist Georgia O'keefe as she painted lots of pictures which involved natural things – mainly flowers. We have tried to replicate these using pastels and hopefully you will be able to see these when you come to share your child's project learning on Monday 17th.

REMINDERS:

- On Friday the children will be coming home with a lettuce that they have grown in our raised bed. It would be great if they created a salad with it and if so, could you photograph your child with it and send it to me on my school email so we can look at them next week .Thank you.
- Looking forward to seeing you on 17th July. We hope to serve you with ice cream drizzled with sauce made from our school grown strawberries. ☺
