

Emerald Class Newsletter

10.11.2017 – Term 2

What have we been learning?

This week the children wrote a newspaper article about a whale getting stuck on the beach and snail saving him. Perhaps you could ask the children about what happened. We also continued learning to count on to add numbers together instead of starting at 1, we put the highest number in our heads and count on using our fingers. Also we used number squares to help us to add higher numbers.

We also learnt about what carnivores eat and which animals only eat meat. In geography the children learnt the directions north, south, east and west to give their robot partner directions to get from one place in the room to the other.

Mental Maths: Number sequences backwards.

Example: Can you carry on a number sequence backwards?

Adult: 38, 37, 36, 35. Child: 34, 33, 32, 31.

Next Week

Next week is anti-bullying week so we will be carrying out activities linked with bullying and in maths we will be practising number bonds.

Dates for you Diary

Big Blue Day – 14th December @ 1:30pm-3:00pm

School play – Monday 4th December @ 2:00pm and Wednesday 6th December @ 9:45am
