

# Emerald Class Newsletter

## 7.10.2016 – Term 1

### What have we been learning?

In Emerald class this week we have been investigating jam and making predictions about which flavour jam it is. We then put our results in graphs to decide which flavour we could recommend to Paddington to try in his sandwiches.

We also logged into laptops this week and looked for different images of London to go on the front of our postcards. The children were brilliant at helping each other type in the letters!

In PE this week we explored different ways of jumping and making sure we were controlled and safe.

As part of our Achievement Assembly on Monday I presented two Teachers Awards, this week they went to Lawson and Arabella.

### Next Week

Emerald are going to be writing recipes and making jam!

Also we will be exploring what happens to materials when they are heated and cooled.

We will be discovering subtraction methods.

### Dates for your diary

Sharing learning journals – Monday 10<sup>th</sup> October

Sharing learning journals – Friday 14<sup>th</sup> October

Parents' evening – Wednesday 19<sup>th</sup> October

Parents' evening – Thursday 20<sup>th</sup> October
