

Emerald Class Newsletter

20.01.2017 – Term 3

What have we been learning?

This week the children have been exploring different animals, their characteristics and grouping them according to what they eat (herbivores, carnivores and omnivores).

Using their research skills they have made bullet points of information about either a flamingo, rabbit or caterpillar and have planned what they are going to write in their fact files next week.

Just to make you aware, we have been carrying out guided reading everyday so the children are with an adult answering comprehension questions once a week in groups. This has not been recorded in their home books.

We had a great time at the bed time story with our hot chocolate and biscuits. Thank you to the 'Friends' for organising!

Please have a look at the Food Smart app it has great ways to show how healthy foods are - <https://www.nhs.uk/change4life-beta/be-food-smart#18XepOtLyP3uYwKj.97>

Next Week

Division

Drawing of the inventor Christiaan Huygens, looking at the difference in lightness and darkness.

We will also be making a class non-fiction book about animals!

Dates for your diary

NSPCC Number Day – 2nd February 2017

Learning Journal visit – 3rd February 2017 and 7th February 2017
