

Emerald Class Newsletter

7.04.2017 – Term 4

What have we been learning?

This week in Emerald class we acted out and wrote about the resurrection of Jesus. Also we have explored drawing aerial maps in the playground and in the classroom. We have continued to explore fractions of shapes and we even went on a hunt around the room to find them!

The children took part in a multi skills competition with Jet and Topaz classes on Wednesday afternoon! They were using all the skills they had learnt over the term to gain points in teams. We have had an Easter hunt this morning and labelled different organs in the body, using life size examples!

The children have worked extremely hard this term, they have been brilliant! We hope you have a lovely break and are ready to come back to learn in a few weeks.

Next Week - Have a great Easter!!!

Dates for you Diary

WOW day on **24th April 2017**

As part of our new theme for terms 5 and 6, we are having a WOW day. It will be a red carpet event so the children need to come in to school dressed in their 'best clothes'.
