What have we been learning?

Jet class were amazing during the maths test on Monday, they all tried really hard in the unbearable heat and we are all very proud of them.

We have been busy being authors this week, writing our own creative fairytales about our favourite characters. We can't wait for you to read them.

In computing we have been completing our timelines by using word to type up our captions, we were changing the font and size of the text to make it more eye catching.

In P.E the children have been developng their balls sills in tennis, they have been focusing on coordination and control.

Next Week

The children will be carrying out a variety of learning tasks during their trip to Berkeley castle including sketching.

In DT we will be starting to create our patchwork quilt for Queen Elizabeth to develop our sewing skills.

In maths we will be continuing to apply our skills to solve money, shape and time problems.

Reminders

When the weather is hot, all children will need a water bottle and sun hat in school and will need to have had sun cream applied before school.

A reminder that our end of project banquet is on Wednesday 12th July at 10am.

Berkeley Castle visit Monday 26th June 2017, children will need to wear school uniform and bring a packed lunch. If the weather is forecast for rain they will need a waterproof coat. If the warm weather continues they will need an extra drink and cap.

Sports day Tuesday 27th June 2017
