## Jet Class Newsletter

28.04.2017

### What have we been learning?

We had a fantastic topic launch on Monday, when we walked to Lower Woods, in our fairy tale outfits to have our picnic lunch and read our story 'Into the Forest'. We made predictions as we read through the story about what might happen next.

Thank you, so much for all the parental support.

### Next Week

On Thursday, we will be going to KLB, for a KS1 multi skills event. Please see separate letter for information.

Next week, we have lots of exciting learning to look forward to. We will be making our micro-habitats, using the designs we have made this week.

In science, we will be exploring our school grounds, using the learnpads to take photographs of natural and man-made objects.

Through maths, we will be completing some different maths challenges.

### Other News

We have now started using the bug club books again as part of our Guided Reading sessions; please remind your children that they should not read the book, which title is highlighted in your home-school book. Miss Pursey or Mrs Cleverley will let the children know when they can complete the reading of this book at home. Any other books in their bug club library are to be read please.

The SATS comprehension paper needs to be returned to school on Tuesday 2<sup>nd</sup> May.

With the new arrangements for the children leaving school at the end of the day, please come and stand near the garage, so it is easier for the staff to identify who is here to collect their child and then to dismiss them safely to you.
