

# Jet Class Newsletter

22.06.2017

## What have we been learning?

Jet class having been challenging themselves in maths to solve 2 step word problems; they have been using their Diamond powers to think about which calculation method they needed to use.

We have been completing our history powerpoint describing how kings and queens fashion has changed over the years.

We loved our circus skills training on Tuesday morning. We learnt a range of new skills including balancing feathers and plates and juggling with scarves.

PLEASE GET YOUR TICKETS FOR HAPPY'S CIRCUS on 20<sup>th</sup> JULY

### Next Week

The children will be taking part in a school sports event in school on Monday 17<sup>th</sup> July.

We will be continuing with our 2 step maths problems, applying our addition, subtraction, multiplication and division skills.

We have been reading the story 'Seriously, Cinderella is so annoying!' the children have loved it. They will be writing a dairy entry as the wicked stepmother telling her side of the story.

### Reminders

When the weather is hot, all children will need a water bottle and sun hat in school and will need to have had sun cream applied before school.

Lots of children have a lot of unfinished books in their bug club libraries. Please ensure that you give your children the opportunities to read and finish all the activities linked to these books before the end of term.

Don't forget, it is our project outcome on Wednesday 12th July at 10am
