What have we been learning?

The children have been developing their story writing skills by adding two new characters to the 'Into the forest' story. They have challenged themselves to add questions, commands and exclamation sentences to make their stories exciting for the reader.

We have been learning outside constructing our micro-habitats using natural materials, ensuring we thought about the best conditions for our minibeasts to survive.

Jet class had a brilliant time at the multi-skills festival; all the children participated in a wide variety of sports and games. Thank you to all our parent helpers who came along to help.

Next Week

Jet class will be reading the story 'Trust me, Jack's beanstalk stinks!' They will be using this story to write a persuasive letter from either Jack or the Giant telling court their side of the story.

They will also be writing a book review about this story or the traditional story of 'Jack and the Beanstalk'.

In maths, the children will be collecting and interpreting data and graphs based on our project.

Other news

We have now started using the Bug Club books again as part of our Guided Reading sessions; please remind your children that they should not read the book, which has its title highlighted in your home-school book. Miss Pursey or Mrs Cleverley will let the children know when they can complete the reading of this book at home. Any other books in their Bug Club library are to be read please.
