

Pearl Class Newsletter

A very busy couple of weeks back to school. But the children have all settled in well and are ready to complete their final terms of Year 5.

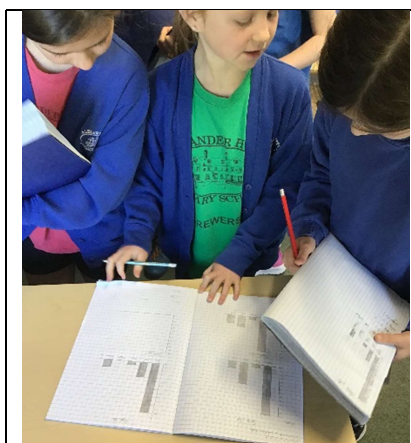

During maths this fortnight, the children have looked at statistics and been able to read and interpret different graphs and charts. After completing statistics, the children have now moved onto geometry and looking at measuring and drawing angles.

During English this term, the children will be studying the book *Varmints* (one of our 50 Best Reads). The children enjoyed the book and could draw out lots of information from it. They then practiced their balanced argument skills using different scenarios.

In science this term, the children are looking at Life Cycles. They drew upon knowledge from Year 2 and 3 to help them with this. This week, we looked at life processes and how all living things need to display these 7 processes (also known as MRS GREN).

Of course, our overarching theme this term is Romans. After a successful WOW Day, where the children dressed as Romans, did Roman maths, and had a Roman banquet. The children are now learning all about the history of the Roman Empire.

The children have been unfortunate enough to have me for French this term! Luckily, Mrs Dimery has done such a good job with them, I feel as though they are teaching me!

Coming up next week Learning focused

Maths: 3D shapes and their properties
History: Julius Ceasars's attempted invasion in 55 – 54BC
Jigsaw: Relationships
Music: Drumming lessons

Way to support at home (home learning)
