

Pearl Class Newsletter

12.05.17

This week, in English, we have been writing our own Hogwarts stories. To ensure we produce fantastic writing, we have been applying all of our grammar skills as well as being creative.

In Maths, we have been continuing our learning on measuring angles and have begun to look at the properties of regular and irregular shapes. Next week, we will find out about different 3D shapes through a Harry Potter inspired challenge.

Linking our theme with PE, we have been researching the wizard game of Quidditch and also the American 'Muggle' version of the game. In our houses, we have devised our own version of the game and will be having tournaments over the next few weeks.

We have also begun finding out about the Mayans: where they came from, when they were around, what foods they would have eaten etc. With Mrs Gee, we have also been making our own Mayan designs out of clay.

Reminders:

Please continue to practise spellings, times tables and to read at least 5 times a week.
