

# Pearl Class Newsletter

7<sup>th</sup> October 2016

This week in English, we have been writing our wonderful stories using the picture book 'Journey'.

In Maths, we have begun to learn long multiplication method. We have found that knowing our times tables really helps with this!

Next week, in English we will be editing and improving our stories before sharing them with each other; in Maths we will be continuing to practise long multiplication method and in Science we will be investigating irreversible changes.

It was lovely to see so many parents at our second homework sharing session on Wednesday. The standard of home learning is excellent.

## Celebrations

This week's teacher's award went to Kyla Boulton for excellent effort in all her learning.

Most house points award went to Bethany Willmot.

## Reminders:

Mathletics homework has been set and will be checked on Thursday.

Practise spellings and times tables.

Children to read at least five times a week and be heard read aloud at least once.
