

Pearl Class Newsletter

Another busy week for Pearl class this week. The children have represented the school extremely well when out doing their pedestrian training.

In maths this week, the children have finished off geometry and moved onto converting units of time. Both topics are recaps of what the children already know. They were successful in using prior knowledge to help them with their problem solving.

During English this week, the children have been looking at modal verbs (degrees of possibility) and using these to help them plan a balanced argument.

During history this week, the children looked at two different, yet equally significant people; Julius Caesar and Boudicca. They were able to recall facts about Caesar from their Egyptian learning as they remember that he married Cleopatra! They also used their knowledge from Horrible Histories to identify why Boudicca is such an important figure during Roman Britain.

This week, the children have completed their Pedestrian training. On Wednesday, the children had an online session to see what they already knew about the green cross code and all the different places we can cross safely. On Thursday, the children went out in small groups to put this into practice. Debbie (the lady in charge) said how brilliant they all were at listening and demonstrating how to cross safely.

Coming up next week Learning focused

Maths: Time - duration
History: The Roman Army
Jigsaw: Relationships
Music: Drumming lessons
Art: Perspective drawings

Way to support at home (home learning)

Mathletics: 4 – 5 a week
TTRS
