# Topaz newsletter

Dear All,

Another week gone with lots of fun in Topaz class.

## Learning this week

We have been finding out about different spaces in school. We went on a big tour of the school and met Mrs Packer in the office.

We have started to learn the routines of lunchtime and even played with the older children in the playground. We have some brilliant Play Pals this year and they are really helping us to play some good games.

Our room is being immersed for our forest theme. We love our woodland seating area and cottage and have been practising our phonic games next to the magic river!

## Home learning

Please let us know how your home learning is going. If you're not finding time to do it yet, let us know that too but the benefits of us working together at school and home are enormous! This week our focus is physical development. Lots have people have said how interesting it was to hear how the upper body muscle strength impacts on writing at our literacy evening.

## Next week

We will carry on with our traditional stories so reading and telling these at home would help.

We will be starting to talk about the changes that are beginning to happen outside.

## Water bottles

We need a separate drink for snack time. We don't want people in their lunch boxes half way through the morning!

Kind regards,

*Sally Windmill*
