

Topaz News

Learning

The North Pole role play is open. We have linked this to our writing learning with map making so that Santa can find us all on Christmas Eve! Lots of us have also written letters and lists.

We have had an elf visitor called Ed. He has been leaving us lots of problems to solve especially with our numbers.

He also left us a recipe for elf treats which we made and will sell tonight at the fair. We had a big discussion about treats. We talked about the healthy things that you need to have as well as treats. We know lots about healthy foods!

Winter Fair

Come along to support our class stall at the winter fair tonight (9.12.2016)

We will be selling candle holders decorated by the children for £3 each. They are named so that you can have the very one made by your child. If you can't make it, you can send the money in and I will send it home.

There will be other things available and all proceeds come straight to the class. They will then have a discussion about how we should spend it as part of our economic awareness learning.

The Final Week

Tuesday - Performance 9.45  with refreshments afterwards (finish 11ish)

Christmas lunch  with Christmas jumpers 

We are not involed in the sport afternoon outside (too much for one day!!)

Friends of AHPS Disco 5-6pm

Thursday – class party (bring a party plate)

Friday – Coffee morning. We will sing at 9.15

Topaz performance

We look forward to welcoming you on Tuesday morning. Feel free to bring Gran and Gramp or whoever you want. We aim to have a relaxed and enjoyable morning celebrating your child's first Christmas in school. When we come to the hall I will give you an opportunity to move around so that you get a good view of your child. We like to have refreshments after so that the children also spend some time with you before they come back to get changed. Donations will be spent on the classroom
