

Topaz News

Dear All,

I was so proud of Topaz when they did their show this week. If we think back to Christmas I think you will agree that they oozed more confidence and were clearly enjoying themselves. There will be another performance for the older children next week so that siblings and our Play Pal friends can see how amazing we are!

Learning

Lots of our learning this week has been building towards our performance. We hope you loved our souvenir programmes. We wrote the Billy story independently and the pictures on the front linked the skill of drawing with a scientific eye. We know all about the anatomy of a bee!

Circus skills

We had lots of fun with Mr Sensible. Ask the children about feather balancing; they were great! Please remember to get your tickets for the 'real' circus coming to school on 20th July.

Blue books

Thank you for your support with keywords. We will continue with these next week. I know that if we secure as many as we can into our brain stars before the holidays and keep them ticking over through the holidays, our reading will be even better than it is now.

Kind regards,

Sally Windmill
