

## Topaz News

### Learning

The Evil Pea has been out at night this week. He took all of the books from our reading area! He sent us a letter to say that he wanted us to write him some stories and he can read very fast. We used puppets to tell the stories and lots of us have been making story books hoping that he will return our books to us.

In maths we have been weighing potatoes! We have been discussing heavier and lighter and seeing whether the longest potatoes are the heaviest.

### Summer show

We have made progress with our show now and the children have decided which parts they would like to play. Their singing is wonderful so I am sure we are in for a real treat. It will be a lovely time to celebrate their success this year.

The morning of the 6.7 will be similar in timing to the Christmas show in that we will perform for about half an hour and then we will have time to have some refreshments and have a look around the classroom and have a final look at the learning journals.

### Sports Day

We have been practising our events so that we can run as fast as we can. We will all have a turn to run a race and take part in a relay race. The children need to come to school as usual in their uniform. When you apply sun cream remember that they will be wearing their PE shorts and a T shirt for the day. They will get changed when they arrive and come out onto the field for a 10am start. Parents sit on the opposite bank so that you can get a really good look at what is going on. During the race time it is important that we know where the children are so if you see them at the finish line, they must come back to sit with Topaz rather than come to sit on the bank.

When the F/KS1 races are finished we will bring them back in to change and wash their hands for lunch. We will then bring them back out to have lunch with you. If they are having a school lunch we will take them to get that and then bring them out. After their lunch they can play and we will be around to supervise if you need to go.

The children will be in class in the afternoon and then will go out to watch the end of the races and see which team is the overall winner.

FOAHS will serve refreshments outside of the blue room so please try to support them. They do an amazing job for us.

Kind regards,

*Sally Windmill*
