

2nd December 2016

Topaz newsletter

We have introduced Chester the cat who reminds us to be curious learners. The frost looked very beautiful when we went outside to think like scientists. We took our magnifiers and learnt the skill of looking very closely.

The Murray family have very kindly built us a reading platform that we are very keen to practise our reading skills. Thank you!

Xmas Fair

Next Friday at 4.30 our stall will be open at the Christmas fair. All of the children will have made an item to sell. There will be other items to tempt you as well. This is part of our economic awareness learning. All money raised will be spent by the class. Last year the class decided to buy some new dressing up items. Please put the date in your diary and come along to support us. The event is run by 'Friends of Alexander Hosea'.

Dates

Open afternoons are next week on Monday or Thursday from 3pm.

13.12.2016 Christmas Nativity (We will also sell drinks and biscuits to raise more funds)
