Topaz News

Dear All,

What a fabulous week it has been!

What have we been learning?

Our main aim for these early weeks is to get everyone feeling happy and making lots of friends. I would say that we have all done an amazing job of this. I am hugely proud of the children and, of course, their families. Take a look in the home learning book to find out about some rhyming songs we have been learning. We have made the most of the good weather by getting outdoors for lots of activities. However, we will continue to enjoy outside learning into the winter so a coat will be essential. We have had an introduction to dough disco and had our first PE session. Next week we will be talking about what makes each of us very special so having a talk about eye colour, hair colour and other things that are special would give the children some good ideas for our discussions.

Literacy evening

Wednesday 21st September 7.30pm (for about an hour)

Our shared interest and support has been proven over and over again to help children make the very best progress. To enable us to make this as good as it can be for your child we need to have a shared approach. As well as talking about phonic skills, reading and writing we will also share some photos from our first week. Please fill in the slip in the orange book so that we can get an idea of how many people to expect. Please try to come along even if it's for a refresher!

Water

We encourage the children to bring their own water bottle each day. These can be accessed through the day and must only have water in them. **Please do not put these in book bags as books were ruined by leaking bottles last year.**

Kind Regards,

Sally Windmill
