

COVID-19 RISK ASSESSMENT – AUTUMN TERM 2021

Our approach is based on the guiding principles of maintaining the safety and well-being of pupils and staff, closing educational gaps, and supporting our school community to be connected again.

Our approach has been informed by the SAGE hierarchy of protective measures to help prevent the spread of COVID-19:

- 1) Ensure good hygiene for everyone.
- 2) Maintain appropriate cleaning regimes.
- 3) Keep occupied spaces well ventilated.
- 4) Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19.

This re-opening risk assessment supersedes previous versions and reflects Local Authority and Department for Education (DfE) guidance 27th August 2021 <https://www.gov.uk/government/publications/actions-for-schools-during-the-COVID-19-outbreak/schools-covid-19-operational-guidance> .

In the event of an outbreak in school, the school will take advice from South Gloucestershire Public Health team and follow the Outbreak Management Plan.
