Newsletter

Our learning this week...

Political Party Campaigns

The children have begun working in their political parties. They have decided what issues their party feels strongly about and have decided on a name and logo for their party. The four groups, who will be writing campaign material and persuading the school community to vote for them, are as follows:

Eco Warriors

E.P.S (Eco Powered Sports)

Fitness Frenzy

Wildlife Warriors

There was a strong feeling of tackling environmental issues and improving health of the local community! All groups showed very mature and forward thinking ideas- what fantastic citizens they are going to make in the future!

Cycling and Street Dance!

This term we will be cycling every Tuesday and Learning street dance every Thursday. All the children really enjoyed both of the first sessions of these activities. I will put pictures in later newsletters as our dance routine develops!

Visitors from the Houses of Parliament

The children are very excited about a visit from Luke Hall MP and a meeting with the parliament education outreach department both this Friday (More information to follow next week).
