Our learning this week...

How Can We Make Life Fair?

We have launched our project on Fair Trade with a game designed by Christian Aid called 'Cocoa Conundrum'. The children all had different roles in the cocoa trade: farmers (in a Fair Trade community and independent farmers), chocolate Manufactory, supermarkets (2 rival groups), journalists and consumers. The children enjoyed the game and we had a fantastic discussion which helped introduce the idea of Fair Trade.

Maths

We have begun by learning about place value to millions and solving a range of place value problems.

English

The children were excited by own new class book – The Garbage King- and we have been looking at developing our sentence structure when writing descriptions in our SPAG lessons.

Meet the Teacher Thursday 14th September

This is in person from 3.30pm until 4pm. I will make the power point available afterwards so please don't worry if you can't make it.

8th September 2023
