Our learning this week...

How does parliament work? What is a democracy?

The children have continued to learn about how our parliament works and look at what happens in the House of Commons (as it turns out it has been an interesting week in parliament!). The children have been very interested in how our democracy works; I know some children have even been keeping up with events at home!

Mathematics

The learning this week has been all about comparing and ordering fractions and many children have solved some tricky reasoning questions related to this objective.

Christian Aid –Paper Bag challenge

We have been starting to compare how our country is organised with that of life in other countries. Some of the children (those who were not at young voices), took part in a Paper Bag Game in which the children were Indian villagers. They tried to earn Rupees for their paper bag manufacture. The aim was to earn enough money to survive in their village (on the outskirts of Kolkata, India).

Don't Forget to send in your order forms for the KS2 Sats revision – I will try and order them next Friday.
