Our learning this week...

How Can We Make Life Fair?

The children have been bringing in Fair Trade stickers from purchases – thank you for your support with this!

Maths

This week we have moved onto decimals, comparing and ordering, labelling numbers lines of different intervals.

English

Using the class book as inspiration, the children have written excellent descriptions of Ethiopian countryside.

Meet the teacher

It was nice to see many of you at the Meet the Teacher session. If you couldn't make it, I have popped the power point on Google Classroom (let me know if you need it emailed).

Science

We have started our topic on classification, home work has been set on a mould investigation!

Online safety

Next Wednesday morning, the children will be taking part in an online safety presentation by Avon police. This will advise children on how to use the internet safely and talk about issues with social media.
