Our learning this week...

How Can We Make Life Fair?

Maths

The children have been busy solving problems and challenges to do with long multiplication and we have now started looking at the method of long division.

English

We have started our new class book: 'Holes' Everyone seems to be enjoying it so far and I am hoping they will get a lot out of the complex and twisty plot structure!

Anti-Bullying Week 'Odd Socks 2019'

The theme for this year's national anti-bullying week is celebrating difference. We had a fantastic and very thought provoking afternoon using the Jigsaw materials. The lessons focused on prejudice and the different types of discrimination, using some historical examples to illustrate. Lots of the children wore odd socks to school on the Tuesday and we enjoyed discussing why it was great to be different to everyone else!

Children enjoying a cultural experience on Monday-Diwali Dance session.
