Amethyst Class

Newsletter

Our learning this week....

Maths

We have been ordering decimals to 3 places and learning how to use BODMAS. The children were very animated to carry out an investigation into making numbers using only 4s and all operations. Lots of perseverance needed and linking a range of mathematical skills.

English

Our writing has been linked to our class book (The Garbage King) and we have been writing letters from one of the main characters. The children worked in pairs to peer critique their writing and afterwards making changes to adapt and improve it.

Project

We have been looking at the following questions: What is a democracy? How is our country run? Who makes the rules? How do they try to make our country fair for all?

Next week....

Project

Is life fair? R.E focus-Is it better to express your beliefs in art and architecture or charity?

Maths

Securing calculation methods for addition and subtraction including decimals.

Science

Survey of species in the school grounds and identification using charts and classification grids.
