

# Amethyst Class Newsletter

## **Our learning this week...** **How Can We Make Life Fair?**

### **Maths**

This week we looked at how to multiply if one or both the numbers have a decimal place. Next week, we will move onto division and the children will be introduced to long division- a method for dividing by a 2 digit number.

### **English**

Persuasive writing is our next unit of writing. We have started with persuasive adverts this week and the children have written an advert to persuade others to buy their chocolate bar (Fair Trade of course!). Next week, we will be writing a persuasive leaflet.

### **D/T – Chocolate tasting**

The children thoroughly enjoyed the lesson tasting chocolate although weren't as keen on the 85% cocoa dark bar! We have decided what sort of chocolate we might like to use in our Fair Trade biscuits we will be making for the school Christmas Fair.
