

Amethyst Class Newsletter

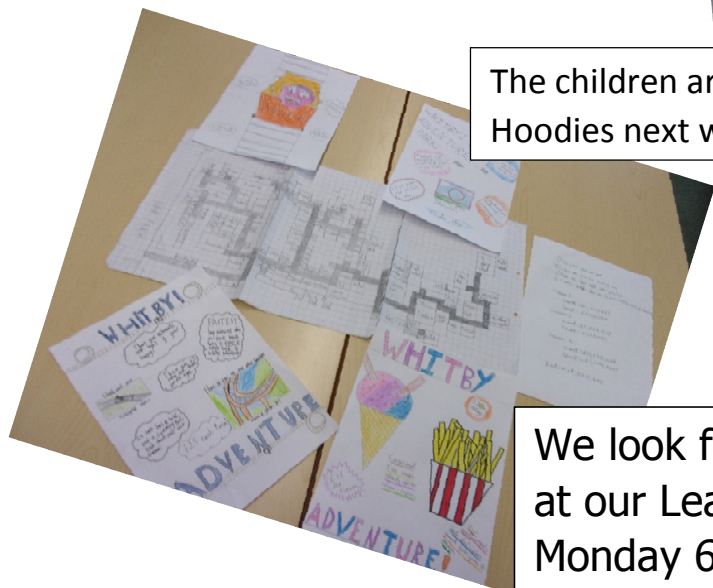

Project Maths

The children have completed their Theme Park Projects and each group has presented their project to the class. They gave us a financial break down of all their costs and profits for each season. They also presented any promotional material and merchandise they have designed. Many of the groups used I.T to create plans of their park using a programme called 'Sketch Up'. I was so impressed with the standard of the plans, Maths and computing skills used.

The children are allowed to wear their Leaver's Hoodies next week instead of their AH jumpers.

We look forward to seeing you at our Leaver's Pantomime on Monday 6pm – 8pm.
