

# Amethyst Class

## Newsletter

### **Our learning this week...**

#### **Project – Why do people leave their homes?**

##### **Science**

We have moved on from the circulation system to the digestive system. We recreated a model of the digestion system in class and the children have written an explanation of how it works.

##### **English**

Our new class book is 'Pig Heart Boy' and the children have been writing some excellent diary entires as though they were Cameron (the main character).

##### **Maths**

This week we have moved onto Algebra and will continue with this next week too.

### **VE DAY**

**Next Wednesday (30<sup>th</sup> March) is our end of project 'VE DAY' celebration. The children can come to school in their WW2 costumes again and we will be busy baking and learning about VE day in the morning. At 2:30pm we look forward to welcoming you into school to listen to some songs, sample our rationed recipes and take the opportunity to share books and learning with your children. The children are keen to raise money for Ukraine Appeal so if you would like to bring a small donation in exchange for a WW2 cake that would be great!**

It was lovely to be able to do P.E on the field in glorious sunshine this week!
