

# Amethyst Class Newsletter

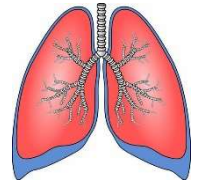

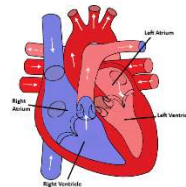

## Our learning this week... How Can We Make Life Fair?

**Maths** – Calculate missing angles of triangles and quadrilaterals.

### Science

Pulse rate investigations- The children enjoyed investigating their pulse rate this week and linked the learning on the heart from last week to explain what was happening.

### D/T

Wednesday was the end of our D/T Food project and the children baked shortbread, which they decorated to sell at the school fair. They used Fair Trade ingredients and FT chocolate for the top!
