

Amethyst & Pearl

Class Newsletter

Maths – The children have been recapping properties of number this week using prime, square, cube and triangular numbers. As well as finding out multiples and factors.

English – On Monday, the children wrote a letter to Morfa Bay to thank them for the opportunities they had gained. After this, the children have planned a survival guide leaflet all about the wild! They used what they learned during their Bush Craft activity on camp to help them.

Science – We have been learning about how the Earth was formed. The children used a much smaller scale to show how humans are the most recent species to exist on Earth!

Morfa Bay – We had a fantastic week at Morfa Bay, the children were amazing, and we are proud of all of them for what they have achieved!

Way to support at home (home learning)

Now that SATs are complete, the children need to be back to going on TTRS and Mathletics. As well as reading at least 5 times a week!

Key Dates:

Wednesday 18th June – Morfa Bay assembly to the school.

Friday 20th June – Friends Summer Festival (4pm – 6pm).

Cycle training – All pupils who have registered on 1st July and then a further day either 4th, 11th or 14th July.
