

Amethyst Class Newsletter

Our learning this week...

Year of the Arts

English

The children have finished their narratives based around life in the trenches. They have been busy helping each other to edit them this week and I will be busy reading and marking over the half-term holidays.

Maths

We have been solving various problems and involving addition and subtraction this week, looking at the most efficient written and mental methods (including with decimals).

Supersonic award

Each term a different child from each class will be awarded a Supersonic Award in a special school celebration assembly. This term the award in Amethyst Class has been given to Izzy Kingswood for showing amazing ruby powers-she is always kind and considerate to her classmates. The whole class were proud of her and all agreed it was well deserved!

Half-Term Learning

Over the half term the children have a Holiday reading sheet to fill in and an arithmetic practise sheet as well. Please could these be returned the first Monday back after the holidays.
