Our learning this week...

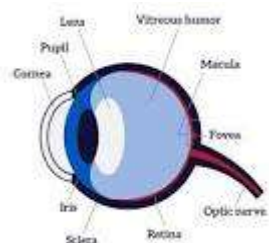

Maths

I am sending the children home with a Maths Knowledge Checker (stuck in Home School Diaries today) this is a revision of all the key vocabulary and concepts that we have covered this year. In two weeks' time I will be testing the children on this key vocabulary in class.

English

We have been writing balanced arguments and debating if we should wear a school uniform or not.

Science

This week's questions: How do eyes work? Why is the sky blue? The children loved exploring these questions this week and were especially fascinated by how eyes work.

Hopefully you have received the letter inviting you and other family members to our End of Project Outcome. If your child hasn't shown you I have copied it below:

Dear Parents, Grandparents and carers,

*The children and I would like to invite you into school to share our end of project outcome. We will be holding a **'VE Day Celebration'** on **Thursday 26th March 2.30 pm until 3.25pm**. There will be an opportunity to look at learning journals, stories and art work all linked to this term's WW2 project: 'Why Do People Leave Home?' The children will also be singing songs and serving war time snacks as they celebrate the 'end of the war'. If the children wanted to come to school on that day dressed in their WW2 costumes they wore at the start of the project, they would be welcome to (it doesn't matter if they don't).*
