Our learning this week...

Welcome Back

The children have returned to school with a positive attitude and I have been impressed by their enthusiasm in all areas of the curriculum.

Maths

We have started the term by learning about place value and will be continuing to read, write and sequence numbers to 10,000,000 (as well as moving on to decimals) next week.

English

We have started our class book- Mortal Engines. All the children seem to be enjoying the story so far. They have been writing a description linked to the first chapter- focusing on using high-level vocabulary.

Project – Who has the power?

We have launched our project with a Powerful People Match up activity and a morning preparing political campaign materials. More information about this exciting project can be found on the Website, the children will be looking at how parliament works and will even make their own political parties. Finishing by holding a 'mock election' later this term!

Meet the teacher powerpoint/video will be available from Friday evening on Google Classroom (same log in as before).

Friends of Alexander Hosea are running this year's Wickwar Games and are looking for volunteers to sign up to help for an hour slot (details on website and Facebook).
