

# Amethyst Class

## Newsletter

### Our learning this week...

#### Maths

We have been looking at common errors and misconceptions with addition and subtraction this week.

#### English

The children have written a short narrative based on events from Mortal Engines, they are now looking at editing and improving their work before I mark them. They are sounding great so far.

#### Project – Who has the power?

We are thinking about our locality – Wickwar and what might be current issues and problems in the village. The children were very vocal about their concerns regarding traffic and further housing developments!

#### Science- Classification

We have been looking at how Invertebrates and vertebrates can be classified further into classes based on shared features.

#### Harvest Festival – Friday 8<sup>th</sup> October

Don't forget to send children with a coat and a item for the food bank (if they wish to donate).
