Our learning this week...

Project – Why do people leave their homes?

History

We have enjoyed sharing the Children's homelearning this week, with some amazing stories from their families that have really helped bring the History alive. The children have finished their propaganda posters and they look great.

English

The stories are all finished and I have a lot of reading material for the half term!

Maths

This week we have been learning about volume and have finished the week with a stacking cube challenge.

Mental Well being

We have been talking about mental health and looking after our mental well being in class. The children have enjoyed a mindfulness colouring challenge as their Morning Challenge this week (see photos below) and we have taken a week off our usual

Maths Morning challenges. I will be suggesting to the children they have a good break over half term and to not do any SATS test books, I would still suggest they take

some time to enjoy a spot of reading though.
