

Amethyst Class Newsletter

Our learning this week...

Maths

Solving money word problems and latitude and longitude coordinate problems-all with a seasonal theme!

Science

We finished our electricity topic by designing and making a simple burgular alarm.

Christmas

This week:

The children enjoyed their Christmas dinner, crackers and festive tunes on Tuesday. We performed and filmed our Christmas songs and nativity scene at the beginning of the week. Hopefully we will have the film all edited and ready to share with you all on Google Classroom by the start of next week.

Next week:

Christmas jumper day-Thursday 17th December. Wear their Christmas jumper/ T shirt with their P.E kit.

Class party day – Thursday 17th December – We will be playing games in the hall as a class and also eating party food. Don't forget to send your child with their own party plate with some treats on to eat in the afternoon.

End of project outcome: presenting their Eco-Homes to the class on Monday and Tuesday (Please make sure all photos/videos are loaded onto Google Classroom by Sunday evening)

Whole school pantomime- We will be watching and participating in the pantomime that has been recorded and filmed especially for us!

Photos of some of the children in costumes...more photos on the Google Classroom!
