Our learning this week...

It has been a sunshine, rain and rainbow kind of week! We have enjoyed some learning outside and playing beneath a truly magnificent rainbow.

Geography and Architecture

We have moved into the Geographical/eco awareness part of our project. We have been learning about climate change and researching what makes an eco home. Our art focus is all about architecture and we have linked our RE and English into this too.

We have been looking at spectacular religious buildings and we wrote a persuasive advert for the Blue Mosque in Turkey.

PHSE

Assemblies this week have focused on Firework safety and launching our new Jigsaw topic- Celebrating Difference.

Home learning

Amazing home learning on Viking long boats, the next home project has just been set on Google Classroom.
