

Amethyst Class Newsletter

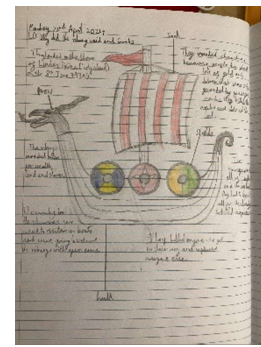

The children have enjoyed starting the history and science part of our project this week. In our history lesson we were learning about the Vikings raiding and invading Britain and the reasons behind these raids. In Science we have begun by looking at Charles Darwin and his theories of evolution and started to unpick what his scientific ideas were.

In English we have been writing descriptions of Eels island (location in our class book). Maths this week was solving reasoning questions with coordinates.

Time line of Invasions.

Fact report on Viking Invasion of Britain.

Coming up Next Week Learning focused	Way to support at home (home learning)
<p>Maths-Ratio and proportion. English – Writing linked to class book. Science- Adaptation of species to suit environment. History – Plan an enquiry into a topic within the Vikings..</p>	<p>Spelling – Apostrophes for contraction testing Monday 29th (These are stuck in the children's orange book)</p> <p>Continue with the SATs busters, TTRS and lots of reading.</p>

Upcoming Dates....

Monday 13th – Thursday 16th May – KS2 SATs
