

# Amethyst Class Newsletter

## Our learning this week...

**Project Launch-** If all the World's a Stage what's your part? The children were very excited to receive an invitation to the Capulet's masked ball when they returned to school on Monday. They spent the morning making a mask and learning how to Waltz! In the afternoon they all performed a dance at the ball whilst wearing their mask.

**Science Classification-** We have started the new science unit and have learnt about the three main kingdoms: Animals, Plants and Fungi.

**English** – We have acted out the first scene of Romeo and Juliet, the fight in Verona between the two families. The children have written a newspaper report of the event.

**Maths-** We have been learning how to order and compare fractions.

**Reminder:** Don't forget to make sure you are reading daily and doing TTRS at least three times a week (this will really help with our Fractions topic).
