

Crystal Class News

15th December 2017

Welcome to Crystal Class Newsletter:

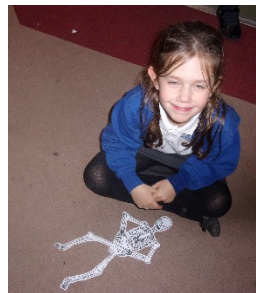

We've made it! Yay! Christmas is here. I hope you have a wonderful Christmas. Now is the time to relax and enjoy the holidays from such a busy term. We shall continue our swimming from 9th January for a further 3 weeks.

This Week:

As so many things were taken up with the Christmas fayre and the Christmas performance, we have now been able to have a normal week of cracking on with the rest of our learning. The children completed their Oompa Loompa dances and performed them to the class.

We also investigated the human body, looking at the importance of different parts of the skeleton and why we need it.

The children loved the Christmas party. Though we were restricted to partying in the classroom, it certainly didn't stop our fun and games.

Our Charlie and the chocolate factory projects have been so amazing. The children and the adults have loved every moment... I can't wait to see their faces when they find out about our new project.
