Crystal Class Newsletter

Our year 3/4 Christmas performance is taking shape. The children are now able to run through the play without a copy of their words and are doing a fantastic job of remembering when to come in and speak/sing. Thank you for helping them to practice.

In English, the children have been learning to use a dictionary to help them independently correct spelling mistakes and improve their understanding of different words.

In maths, the children have been learning how to carry and regroup in column addition. They have then used these skills to answer addition word problems.

In art, the children have been using different techniques to create a picture of a local landmark. The children will be selling these at our Christmas fair.
